Subject RE: OAZ (ri/fs) Superfund Site - Finalization of CERLCA
AOC

Sorry. We had to get out a proposed final pretrial order by the end of the day Friday and we didn't get it filed until the last minute. Terri has sent me some language and a proposal that I will be reacting to today. I will also try to get my GSA guy nailed down on the cost figure.

Subject: OAZ (ri/fs) Superfund Site - Finalization of CERLCA AOC

Hi Dan. Based on our call of last Friday (4/15), Connie and I were expecting an end of the day e-mail of the final version of the AOC with the last language provisions that you and Terry Faye were going to work out and the GSA-Blue Tee past costs figure (as approved by your GSA client). How is that going? Thanks for any update. Tom Turner e-mail or 312/886-6613
